Address presented by the President and Members of the Mysore City Municipal Council to Gen.K.M.Cariappa, Commander-in-Chief of the Indian Army, at the Civic Reception in Rangacharlu Memorial Hall, Mysore City on Tuesday the 11th October 1949.

Sir,

We, the President and Members of the Mysore City Municipal Council deem it an honour and a privilege to offer a welcome to you to this historic and beautiful city. You are no stranger to Mysore, but this is the first time, after you assumed charge as Commander-in-Chief of the Indian Army, that you are paying a formal visit to this City. We wish to convey to you our feelings of immense satisfaction and our heart-felt congratulations on your appointment to the exalted post of Commander-in-Chief

Your career and achievements have been unique and are a matter of pride to every Indian. Even as a subaltern you made a world wide tour including Japan and studied the organization and training of foreign armies. You have occupied several important posts and carried out several important missions in the Indian Army. You were the first Indian Army Officer to be appointed as Deputy Assistant Quartermaster General, the first Indian to command a battalion, the first Indian Brigadier to visit the United States and Canada as a member of the Army Re-organization Committee, the first Indian Officer who became Army Commander as G.O.C-in-Chief of the Eastern Command and the first Indian to be the Commander-in-Chief of the Indian Army. Your association with the Indian Army for over a quarter of a century in various capacities, your experience of staff work

and command, your wide travel and your human qualities have won for you the respect and love of all ranks of the Indian Army. The geographical, cultural and linguistic affinities of Mysore with Coorg, which is your native place, entitle us, we believe, to claim you as one of our own citizens and to take a personal pride in your distinguished achievements.

It is a matter of common knowledge that the Mysore State Troops played a creditable part during the last War in the Middle East, in Malaya in the out-posts of India. The services of the Mysore State Troops in Kashmir and in Hyderabad in recent times have won the highest appreciation. We feel legitimately proud of the achievements of our Troops and the regard with which they are held by their compatriots in the country. We have no doubt that in the new set up of the Indian Army our Forces will find an honoured place and sufficient scope for their service to the country.

We are aware that your interests are not confined to military matters and that you are keenly interested in civic and social welfare. We wish therefore to allude briefly to some special features of municipal work in the city. Mysore has won world wide fame as the Garden City of India. Thanks to the personal interest of the Ruling Family in the welfare of the citizens, the continuous support and encouragement which the Government of Mysore have been giving us and to the enlightened interest of the representatives of the citizens in the progress of this city, Mysore has been on the front line of civic progress. The standard of public health and sanitation and medical relief in the city is of a high order. Slum clearance,

formation of extensions, and provision of houses for the poorer and middle class of people and particularly for the Harijans and the sweepers and scavengers, have been receiving high priority in the work both of the Municipal Council and the City Improvement Trust Board. The Municipality has been liberally aiding maternity and child welfare work for which we have a centre in each mohalla of the city. Beggar relief, feeding of the poor and other measures of social amelioration also claim our attention. It is our earnest desire to maintain a high level of civic services and conveniences ^{for} ~~to~~ the citizens of this city.

While your past achievements in the Indian Army have been great, the work that lies before you is even greater. In the preservation of the country's freedom which has been won after years of toil and sacrifice and martyrdom the Indian Army has no small part to play. The objectives of conquest and aggression have always been alien to the concept of Indian culture. We may recall that more than 5,000 years ago India had established a civilization which was free from war, as indicated by the fact that among the thousands of antiquities discovered in the excavations at Harapa and Mohenjodaro not a single weapon of war has been unearthed. In the troubled world of to-day it is India that can by the light that Mahatmajit show the path of peace. The task of the Indian Army is, as has been made clear by the Prime Minister, not to wage war but to preserve and promote peace. In this task, the ideal of Dharma Yuddha exemplified in the Bhagvadgita is, we believe, the ideal which actuates the organization, equipment and work of the Indian Army under your leadership. In token of our belief that by pursuing that ideal you will make the

Indian Army a bulwork of freedom, peace and civilization, we request you to accept this casket which has the image of Arjuna receiving the sermon of Bhagavadgita from Krishna. We pray God Almighty that He may shower His choicest blessings on you and on the Indian Army.
